Space time and Time space differences

My perspective. Take what resonates with you and let the rest fall away.

Let's discuss the physical vs. the afterlife.

The physical is Space-time. One line of time and all space to navigate through. The afterlife is Time-space. All time and one line of space to navigate through. In the physical you are a particle, in the afterlife you are a wave.

In the physical, the kingdom of heaven is within you. Spiritual initiations are inner. In the afterlife, the kingdom of heaven is outside of you. Initiations are outer.

In the physical thoughts and emotions are within. In the afterlife thoughts and emotions are outside (like in dreams which is actually you in time-space).

Emotions and thoughts are instant outer creations in the afterlife. Emotions and thoughts are simply slow manifestation in the physical.

So how do ghosts become earth bound? The thoughts and feelings at death were low vibe and when they transitioned their outer became low vibe. What you have within, you take with you. So ghosts are not aware of the outside such as heaven because they are trapped in their low vibe earthbound thoughts and emotions.

Prayer and Forgiveness exist on both sides. So pray and forgive the ghosts and they awaken that heaven does exist. This is kind of like our inner awakening here but reversed to be an outer awakening. Then they are cleansed and go there, like when we awaken we find heaven within.

So if you want a great afterlife, develop inner love by loving self and others so your outer afterlife is outer love. Literally love is all you need and the love within you, you take with you.

"Your experience in what you call the afterlife is a reflection of your consciousness at the time you enter it. Yet you are always a being of free will, and may alter your experience whenever you choose." - Conversations with God Book 3 by Neale Donald Walsh
